ESPACIO PARA LA GESTIÓN DE INÉDITOS VIABLES

Funded by
the European Union

ABOUT US

Ye Too Ponese is a vibrant non-governmental organization founded in Asturias in 2004. Our mission is to foster active citizenship and participation among youth across personal, local, and global levels.

What we do:

Artivism: using creative activism to increase social awareness

Participation: designing activities that enhance civic engagement

Educational workshops: implementing NFE to discuss social issues

Global education: promoting international understanding and HR

Community health: supporting well-being from a holistic perspective

Our vision: to create a fairer world where every individual, regardless of background, is an active part of the decision-making process.

THE PROJECT

Join us for "**Guardians of the Earth**", a transformative Youth Exchange focused on sustainability and the environment. This initiative will bring together young people (underage) to explore sustainable living practices and develop a deeper respect for our planet. Participants will engage in workshops designed to:

- Develop sustainability "goggles" to view the world in eco-friendly ways.
- Participate in hands-on activities that demonstrate sustainable practices.
- Engage in group projects that focus on environmental impact.

**This project will be hosted
in Langreo, Spain,
from July 5nd to July 12th 2024**
travel days: July 4st and July 13th.

OBJECTIVES

- **Equip** participants with the knowledge and skills to adopt more sustainable lifestyles.
- **Encourage** a deeper understanding of environmental issues and the impact of individual actions.
- **Inspire** and **empower** young individuals to become proactive 'Guardians of the Earth' in their communities.

PARTICIPANTS AND LOGISTICS

We are looking to collaborate with organizations across Europe. Each partner will send **5 underage participants + 1 group leader**, contributing to a total of 30 participants. The project will take place at the **Municipal Hostel in Lada, Langreo**, a venue equipped for such events. More details can be found [here](#).

CALL FOR PARTNERS

We are actively seeking partners who are dedicated to empowering youth and promoting environmental stewardship.

Ideal partners should be able to:

- Engage actively in project planning and content sharing.
- Send **5 minors as participants** along with **1 responsible adult supervisor** to ensure safety and guidance.

Alternatively, we are open to discussing the possibility of sending 4 minors with 2 responsible adult supervisors if this better suits your organization's needs.

- Contribute to our shared mission of developing sustainable and environmentally conscious youth.

**Interested organizations should contact us
by May 10th to express their interest.**

IMPORTANT

Due to fiscal regulations, all travel bookings can only be made **starting from June 1st**, the official start date of the accreditation project. Ideally, flight reservations could be made through a travel agency, with payments processed starting from this date.

This restriction, communicated by the Spanish National Agency, is crucial for compliance and successful project execution. We aim to adhere strictly to this guideline and appreciate your cooperation and understanding.
